These works are still subject to consent by National Highways

Partners

HS2

HS2 is Britain's new high speed rail line being built from London to the North-West, with HS2 trains linking the biggest cities in Scotland with Manchester, Birmingham and London. HS2 will integrate with new lines and upgrades across Britain's rail system to deliver faster travel to many towns and cities across Britain.

or more information about HS2, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk, or for more information about the works we are doing in the Warwickshire area please visit www.HS2inWarwickshire.co.uk

Balfour Beatty VINCI is responsible for designing and building part of the most exciting and challenging railway project in Europe: HS2. We are building the West Midlands section of HS2's Phase One route, spanning approximately 90km from Long Itchington in Warwickshire to Handsacre in Staffordshire. We will be employing thousands of people in the area to design and build the civil infrastructure for HS2 through the West Midlands area.

We operate, maintain and improve England's motorways and major A roads. Our roads network is vital to the running of the country and our customers, and their safety remains our priority. We are committed to working with HS2 Ltd and other partners to plan and co-ordinate our works programmes where we can. While HS2 carry out these works we will make every effort to keep you updated and informed in advance of works to help you plan your journeys and help support a better-connected future.
